## UNITED

Providing Quality Christian Education  
Since 1983

# MISSION STATEMENT

The mission of Tri-County Christian School is to provide the Christian family with Christ centered educational experiences, emphasizing the development of Christian character, educational excellence and preparation for a lifetime of service to God and man.

## CHRIST

### CENTERED

Our school is built on Christ centered curriculum that focuses on a Christian worldview. A dynamic weekly chapel service focused around a yearly spiritual theme, daily classroom prayer, and daily biblical instruction are all ways in which Christ is valued within our school's community

## FAMILY

### FOCUSED

**BIG ENOUGH TO BE A SCHOOL, SMALL ENOUGH TO BE A FAMILY**

Tri-County Christian School proudly serves Freeport and the surrounding communities as a diverse, independent, interdenominational Christian school with students and staff from over 25 area churches. The student and teacher relationship is paramount with a goal that students feel loved, challenged and heard.

## COMMUNITY

### UNITED

At Tri-County Christian School, we prepare our students for a lifetime of godly service through involvement in local and global projects. We celebrate the opportunity and honor the responsibility to serve our community by educating and developing generations of strong Christian leaders.

Tri-County Christian School does not discriminate on the basis of age, sex, race, or national/ethnic origin in its administration of various scholarships, admissions, or educational policies.

*When considering changing schools, we were won over with the unlimited amount of prayer during the day, the Christian teachers & staff who really care about their students & that God was a part of every aspect of school, not to mention the high academic standards.*
